BOB RILEY
GOVERNOR

August 17, 2007

Alabama National Guard
c/o: Mr. William Turk
P.O. Box 3711
Montgomery, AL 361090711

Dear Mr. Turk:

RE: Alabama National Guard Site
Organizational Maintenance Shop (OMS-28)
1622 South Broad Street
Mobile, Mobile County, Alabama
Groundwater Incident No. GW 07-0102

The Alabama Department of Environmental Management is in receipt of the State Military Department's (Joint Force Headquarters Alabama National Guard) responses to ADEM's letter dated June 28, 2007 regarding the previously submitted report "TCE Comprehensive Investigation at Organizational Maintenance Shop 28." It has been determined that all of ADEM's comments have been adequately addressed.

Upon review of the installation information and construction of temporary wells TW-1 through TW-5, it has been determined that these wells were not constructed in accordance with ADEM's guidance. Therefore, these temporary wells should be properly abandoned in accordance with ADEM's well abandonment guidance (See Appendix B of the Alabama Environmental Investigation and Remediation Guidance). All casing and annulus material should be removed, contained and disposed, with the borehole grouted by tremie method from the bottom of the borehole to the land surface.

If there are any questions, please do not hesitate to contact me at 334/271-7964 or by Email at kdk@adem.state.al.us.

Sincerely,

A handwritten signature in dark ink that reads "Kathleen D. Keller".

Kathleen D. Keller
Hydrogeologist
