**RE:** ADEM Response: Remedial Investigation (RI) Report, dated June 14, 2011.  
Mobile OMS 28 & 29, Mobile County, Alabama  
DSMOA ID: 535-223-0031

Dear Mrs. Munger:

The Alabama Department of Environmental Management (ADEM or the Department) has received the Alabama National Guard's (ANG) subject document. The Department has determined that the RI Report does not adequately characterize the contamination at Mobile OMS 28 & 29. The RI Report should be modified to include summaries of all the results obtained from investigations and monitoring events performed at the site. In addition, the RI Report should also include conclusions regarding the nature and extent of contamination based on results obtained during the remedial investigation. The Department requests that a revised RI Report be submitted for review.

If you have any questions or concerns regarding this matter, please contact Mr. Colin Mitchell of the Governmental Hazardous Waste Branch at 334-271-7967 or via e-mail at [cjmitchell@adem.state.al.us](mailto:cjmitchell@adem.state.al.us).

Sincerely,
